1. Ask your friends about the occupations and professions they like. Use all the vocabulary words.

Example: What **are you going to be**? I **am going to be** a doctor. I **am going to** work in the hospital. I **am going to** help people.

#### Grammar Tip

Use the verb to be: **am / is / are + going to** to talk about future actions.

2. Think of what profession you are going to have and draw a picture of it. Then present it to your class.

I am going to be a (an) \_\_\_\_\_.
